**RESULTS**

**Securities Settlements**

The firm has negotiated substantial settlements for its clients. The following is a sample of significant results in securities litigation:

Berman DeValerio acted as sole lead counsel in a case against Enterasys Networks, Inc., in which the Los Angeles County Employees' Retirement Association was lead plaintiff. In Re: Enterasys Networks, Inc. Securities Litigation, 02-CV-71 (D.H.H.) settled in October 2003 for \$17 million in cash, stock valued at \$33 million, and major corporate governance improvements that opened the computer networking company to greater public scrutiny. Changes included requiring the company to back a proposal to eliminate its staggered board of directors, allowing certain large shareholders to propose candidates to the board, and expanding the company's annual proxy disclosures. The settlement received court approval in December 2003.

In In Re: Warnaco Group, Inc. Securities Litigation, 00civ6266 (LMM) (S.D.N.Y.), the firm negotiated a \$12.85 million settlement against several current and former top officers of the company. The firm represents the Fresno County Employees Retirement Association, a co-lead plaintiff in the case. The settlement is awaiting final approval.

The firm represented the Florida State Board of Administration as co-lead plaintiff in In Re: Sykes Enterprises, Inc. Sec. Litig., Case No. 8:00-CV-212-T-26F (M.D. Fla.), in which Sykes Enterprises was accused of using improper means to match the company's earnings with Wall Street's expectations. The firm negotiated a \$30 million settlement, which received final approval in March 2003.

The firm served as co-lead counsel in In Re: Thomas & Betts Securities Litigation, Civil Action No. 2:00cv2127 (JPM) (W.D. Tenn.), which settled in part for \$46.5 million in 2002. Plaintiffs in this action had accused the company and other defendants of issuing false and misleading financial statements for 1996, 1997, 1998, 1999 and the first two quarters of 2000. The case against KPMG, the company's auditor, is ongoing.

A member of the executive committee representing plaintiffs, Berman DeValerio secured a \$45 million settlement in Giarraputo v. UNUMProvident Corp., cv99-301-P-C (D. Me.), a lawsuit stemming from the 1999 merger that created UNUMProvident. Shareholders of both predecessor companies accused the insurer of misleading the public about its business condition before the merger. The settlement received final approval in June 2002.

In In Re: Critical Path, Inc. Securities Litigation, C-01-0551-WHA (N.D. Ca.), the firm negotiated a \$17.5 million recovery to settle claims of accounting improprieties at a California software development company. The Firm, representing the Florida State Board of Administration, was appointed sole lead counsel in August of 2001. Allegations of serious fraud arose shortly after the spectacular collapse of Critical Path's stock price and certain former officers were indicted for stock fraud. The difficulties facing the lead plaintiff related to marshalling all available resources to secure a recovery for the class as Critical Path teetered on bankruptcy. Following arduous negotiations, the case settled for \$17.5 million. The settlement was approved in June 2002.

As one of co-lead counsel in In Re: Molten Metal Technology Inc. Sec. Litig., No. 97-10325-MLW(D. Mass.) and Axler v. Scientific Ecology Group, Inc., et al., No. MLW (D. Mass.), the Boston office played a key role in settling the actions after Molten Metal and several affiliates filed a petition for bankruptcy reorganization in Massachusetts. The individual defendants and the insurance carriers in Molten Metal agreed to settle for \$11.91 million. After the bankruptcy trustee objected to the use of insurance proceeds for the settlement, the parties agreed to pay the trustee \$1.325 million of the Molten Metal settlement. The parties also agreed to settle claims against Scientific Ecology Group for \$1.25 million, giving Molten Metals investors \$11.835 million.

In In Re: Interspeed, Inc. Sec. Litig., 00-CV-12090-EFH (D. Mass.), the Boston office served as co-lead counsel and negotiated a \$7.5 million settlement on behalf of the class. The settlement was reached in an early stage of the proceedings largely as a result of the financial condition of Interspeed and the need to salvage a recovery from its available assets and insurance.

In In re Avant, Sec. Litig., 96 CV 20132 (N.D. Cal.), Avant!, a software company, was charged with securities fraud in connection with its alleged theft of a competitor's software code, which Avant! incorporated into its flagship software product. Serving as lead counsel, the Firm recovered \$35 million for the class. The recovery resulted in each eligible class claimant receiving almost 50% of losses net of attorneys' fees and expenses.

The Boston office, as co-lead counsel in In Re: Summit Technology Sec. Litig., No. 96-11589-JLT (D. Mass.), negotiated a settlement consisting of \$10 million for the benefit of the class. The action was intensely litigated for four years, resulting in motion practice on the adequacy of the complaint and the issue of class certification, the review and analysis of over a million pages of documents produced by the defendants and 40 third-party witnesses, the depositions of 40 witnesses, the exchange of nine expert reports and the filing of and responding to nine motions for summary judgment.

In Re: Prison Realty Sec. Litig., 3:99 CV 0452 (In Re: Old CCA Sec. Litig.) 3:99 CV 0458 (M.D. Tenn.). The Firm represented the former shareholders of Corrections Corporation of America, which merged with another company to form Prison Realty Trust, Inc. The action charged that the registration statement issued in connection with the merger contained untrue statements. The Firm successfully countered arguments that the class' claims for securities fraud were released in prior litigation involving the merger and overcame motions to dismiss. It negotiated a global settlement of approximately \$120 million in cash and stock for this case and other related litigation.

The Boston office served as co-lead counsel in Gelfer v. Pegasystems, Inc., et al., 98 CV 12527 (D. Mass.) and negotiated a settlement valued at \$12.5 million consisting of \$4.5 million in cash and \$7.5 million in shares of the company's stock or cash at the company's option.

In In Re: Sybase II, Sec. Litig., C-98-0252-CAL (N.D. Cal.), Sybase was charged with inflating its quarterly financial results by improperly recognizing revenue at its wholly owned subsidiary in Japan. Acting as co-lead counsel, attorneys in the California office obtained a \$28.5 million settlement.

In In Re: UCAR International, Inc. Sec. Litig., 98-CV-0600-JBA (D. Conn.), the Firm represented the Florida State Board of Administration as the lead plaintiff in a securities claim arising from an accounting restatement. The case settled for \$40 million cash and the requirement that UCAR appoint an independent director to its Board of Directors. The settlement was approved in 2000 and the lead plaintiff's recommended nominee is currently serving on the board. It was one of the first securities class actions to achieve such significant corporate governance relief.

The firm served as sole lead counsel in the class action In Re: Centennial Technologies Litigation, No. 97-10304-REK (D. Mass.) involving a massive accounting scandal that shot down the company's high-flying stock. The Boston office negotiated a settlement

that permitted a turnaround of the company and provided a substantial recovery for class members. The firm negotiated changes in corporate practice, a strengthening of internal financial controls, and obtained 37% of the company's stock for the class. In addition, the firm recovered \$20 million from Coopers & Lybrand, Centennial's auditor at the time – the largest settlement with an auditor in a shareholder class action in New England and among the largest in the nation. The firm also recovered \$2.1 million from defendants Jay Alix & Associates and Lawrence J. Ramaekers for a total recovery of more than \$35 million for the class.

In In Re: Exide Corp. Sec. Litig., 98 CV 6006 (E.D. Mich.), Exide was charged with having altered its inventory accounting system to artificially inflate profits by reselling used, outdated, or unsuitable batteries as new ones. The Boston office, as co-lead counsel for the class, recovered more than \$10 million in cash for class members.

In In Re: Digital Lightwave Sec. Litig., 98-152-CIV-T-24C (M.D. Fla.), the Boston office acted as co-lead counsel and the Florida office acted as liaison counsel in negotiating a settlement that included changing company management and strengthening the company's internal financial controls so the company could be poised for a successful turnaround. In addition, the class received 1.8 million shares of freely tradable common stock that traded at just below \$4 per share when the court approved the settlement. At the time the shares were distributed to the members of the class, the stock traded at approximately \$100 per share and class members received more than 200% of their losses after the payment of attorneys' fees and expenses. The total value of the settlement, at the time of distribution to the class, was almost \$200 million.

The Florida office acted as co-lead counsel in Ehrenreich v. Witter, 95 CV 6637 (S.D. Fla.) involving Sensormatic Electronics Corp., which resulted in a settlement of \$53.5 million approved in 1998. It was one of the largest class-action settlements in the State of Florida.

In Hallet v. Li & Fung, Ltd., et al., 95 CIV 8917 (S.D.N.Y.) the company Cyrk Inc. was charged with misrepresenting its financial results and failing to disclose that its largest customer was ending its relationship with the company. In 1998, the Boston office successfully recovered more than \$13 million for defrauded investors.

In In Re: Valence Sec. Litig., 95-20459-JW (EAI) (N.D. Cal.), the California office served as co-lead counsel for the class litigating against a Silicon Valley-based company that overstated performance and development of an allegedly revolutionary battery technology. Following the Ninth Circuit's reversal of the District Court's granting summary judgment in defendants' favor, the case settled for \$30 million in Valence common stock.

Using a novel theory in In Re: Fidelity/Micron Sec. Litig., 95 Civ. 12676 (D. Mass.), Berman DeValerio & Pease recovered \$10 million in cash for Micron investors after a Fidelity Fund manager touted Micron while secretly selling the stock.

## **Antitrust Settlements**

Over the past two decades, Berman DeValerio has held leadership roles in scores of complex antitrust cases, negotiating substantial settlements for its clients. Among those results are the following:

The California office served as lead counsel in In Re: Sorbates Direct Purchaser Antitrust Litigation, Master File No. C 98-4886 CAL (N.D. Cal.), alleging that six manufacturers of sorbates, a food preservative, violated antitrust laws through participation in a worldwide conspiracy to fix prices and allocations to customers in the United States. The firm negotiated a partial settlement of \$82 million with four of the defendants in 2000. Following intensive pretrial litigation, the firm achieved a further \$14.5 million settlement with the two remaining defendants, Japanese manufacturers, in 2002. Total settlement achieved for the class was \$96.5 million.

Attorneys in the Florida office acted as co-lead counsel and chief trial counsel in In Re: Disposable Contact Lens Antitrust Litigation, MDL 1030 (M.D. Fla.). Representing both a national class and the State of Florida, the firm helped secure settlements from defendants Bausch & Lomb and the American Optometric Association before trial and from Johnson & Johnson after five weeks of trial. The settlements were valued at more than \$92 million and also included significant injunctive relief to make disposable contact lenses available at more discount outlets and at more competitive prices.

The California office negotiated a \$62 million settlement in In Re: Toys "R" Us Antitrust Litigation, MDL 1211 (E.D.N.Y.) to answer claims that the retailer violated laws by colluding to cut off or limit supplies of popular toys to stores that sold the products at lower prices. A component of the settlement included \$40 million worth of toys to needy children throughout the United States over a three-year period.

The California office served as co-lead counsel in In Re: Industrial Diamonds Antitrust Litigation, MDL-948 (WCC) (S.D.N.Y.) alleging General Electric and DeBeers conspired to fix, raise, and maintain the prices of industrial diamond products in violation of the federal antitrust laws. The action settled for a combined cash and coupon settlement valued at \$26 million.

The firm played a significant role in one of the largest antitrust settlements on record in a case that involved alleged price-fixing by more than 30 Nasdaq Market-Makers on about 6,000 Nasdaq-listed stocks over a four-year period. The settlement, one of the largest of its kind at the time, was valued at near \$1 billion.

Berman DeValerio attorneys also played a key role in obtaining a \$535 million agreement from Bristol-Myers Squibb Co. to partially settle claims that the drug company had illegally blocked generic competition for its anxiety medication, BuSpar.

In another case involving generic drug competition, Berman DeValerio, as co-lead counsel, helped secure an \$80 million settlement from French-German drug maker Aventis Pharmaceuticals and the Andrx Corporation of Florida. The payment to consumers, state agencies, and insurance companies settles claims that the companies conspired to prevent the marketing of a less expensive generic version of the blood pressure medication Cardizem CD. The state attorneys general of New York and Michigan joined that case in support of the class.

Over the years, its attorneys have gone to trial against pharmaceutical companies in New York and Boston, a railroad conglomerate in Delaware, one of the nation's largest trustee banks in Philadelphia, a major food retailer in St. Louis and the top officers of a failed New England bank. The firm also took an environmental products company to trial in Philadelphia and successfully argued the case before a federal appeals court.

Our trial experience includes In Re: Disposable Contact Lens Antitrust Litigation, MDL 1030 (M.D. Fla.)
